### UIC Hazing Policy

Organizations must be aware of and adhere to the policy on hazing. Although historically related to fraternities/sororities, hazing can occur within any organization. Hazing is any intentional or reckless action or situation created to produce emotional, psychological, or physical discomfort, harassment, humiliation or ridicule for the purpose of "testing" the student's loyalty prior to becoming a member of the group. Hazing is strictly prohibited as a condition of joining an organization or reinforcing a member's loyalty after they have joined the group. Organization officers and advisor agree to comply with the Anti-Hazing policy by accepting below.

8. Failure of my organization to uphold this policy, in whole or part, will result in the referral of my organization and any individual members involved for discipline
9. Furthermore, if a hazing incident occurs, the president and new member educator/intake coordinator may be referred to the Dean of Students' Office for supplying false information to a University Official (if they knew of the hazing incident and did not take steps to stop it)
